MESSAGE  
FROM  
OUR CEO

**W**ELCOME TO VUSELA

VUSELA has earned the **trust** and **respect** of our **Clients** for one main reason - **WE HAVE GREAT PEOPLE!**

They are **experts** in their fields and bring a **strong service ethos** to everything they do. They take **pride** and **ownership** in their jobs. Together, we bring **passion, pride** and **experience**.

The **programs** we **support** are **critical** to **keeping** our **Clients** and their **assets secure**, as well as **protecting** their **bottom line**. We have worked in the most **demanding** and **challenging** environments, often at **high risk** to our **staff**. **VUSELA** **salutes** our **staff** who are literally **putting** their **lives on the line** to provide a **safer** environment for our **Clients** and the **public**.

**VUSELA'S** **corporate culture** is defined by a simple set of **corporate values** that define how we operate every single day - **Trust, Care, Innovation** and **Pride**. They reflect how we interact with our **Clients**, our **colleagues** and our **communities**. We hold each other **accountable** for creating a company we can all be **proud to work for**.

We trust that these **compelling points** will **encourage** you to explore **VUSELA** further. Whether you are a **potential Client**, a **business partner** or a **future employee**, we look forward to discovering how we can **join forces** to bring **service to life**.

## SECURITY OFFICER OF THE YEAR AWARD

This year, Vusela Risk Services started an initiative whereby every month, all the different regions nominate a security officer, based on his exceptional performance and top qualities such as:

- Receiving a **compliment** from our **Client**.
- The officer that made an **arrest/preventative action**.
- Being **punctual** for duty.
- **Positive** and **friendly** attitude.
- Adopting a **presentable image**.
- **Positively** promoting the company image.

This officer will then receive a **CERTIFICATE OF APPRECIATION**.

Towards the **end of the year** (November 2023), all the regions will submit their nominees and a panel will decide who is awarded the **trophy**.

Their full names will be engraved onto the trophy during an official function. They will also be awarded a cash bonus.

## SAPS CRICKET TOURNAMENT

**T**HE NORTHERN CAPE SAPS MALE & FEMALE CRICKET TEAMS participated in a TRI-ANGULAR INTER-PROVINCIAL SAPS CRICKET TOURNAMENT between North West, Free State and the Northern Cape.

The team consisted of 25 members and the event took place in Lichtenburg from 21 March until 25 March 2023.

Vusela Risk Services sponsored the cricket team with Vusela branded caps. A donation was also made to the team.

## BOWLS & VUSELA MARKETING

**M**unsies Bowling Club in Bloemfontein hosted a bowls day by their local radio station, Rosestad. It is a non-profitable, non-government organisation which operates mainly in the Free State. The services provided by this organization include therapy and care for children, families, the elderly, disabled individuals and patients in need.

Dana Botjes, Vusela's Sales Representative in Bloemfontein, took part in the event helping promote Vusela Risk Services and informing people about the different Corporate Security Solutions that our company offers.

A fun day was held with lots of prizes being won!

**F.A.C.T. Feed A Child Today** is a charity providing nutritional meals to less fortunate children by helping schools provide children with meals that are part of a healthy diet.

Vusela Risk Services is supporting F.A.C.T. with 4000 meals per month.

Proper nutrition helps improve children's ability to concentrate, improve disruptive behaviour and encourage children to attend school.

## LOGISTICS & FLEET

MEET  
THE  
TEAM

ALTHEA HOUTZAMER

Fleet

**Althea Houtzamer** was employed at **Vusela** three years ago as a **Fleet Controller**.

Throughout this period, she significantly **expanded** her familiarity with all systems and procedures adopted within the **fleet department**.

At the start of 2023 she was promoted to **Fleet Administrator** reporting to the **fleet manager**.

LUCINDA CROSS

Uniform & Equipment

For the past two years, **Lucinda Cross** has proven to be an asset to **Vusela**.

Her advanced knowledge in **Debtors, Creditors** and **Logistics** enables her to apply her skills to the best of her abilities and thus transforming her department into a highly **efficient** operation.

## SAFETY TIPS TO HELP YOU BECOME A SAFER DRIVER

**Don Palmer** is a **master coach** in advanced road and racetrack driving techniques. In short, he's one of the very best drivers in the world. His philosophical approach will help you become a safer driver.

### STAY ALERT

View rules as guidelines, allowing **flexibility** to choose **appropriate** responses to challenges.

### FOCUS ON YOURSELF

Remember, it's not just about the vehicle. Be **aware** of your **environment, car type** and required skills.

### OVERCOME FEAR

Build driving **confidence** to let **logic** and **good** practice dominate challenges.

### SAFETY IS A SKILL

Being **safe** matters more than being a "**good**" driver. **Avoid** crashes by **prioritizing** safety.

### AVOID DISTRACTIONS

Use surroundings to anticipate **hazards** instead of

getting distracted by radio or speed cameras.

### EXPECT THE UNEXPECTED

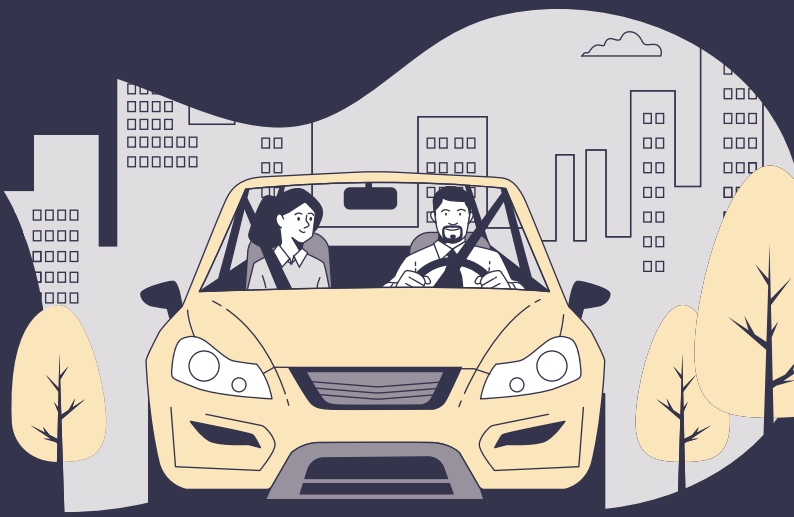

**Understand** the road better to **spot potential** accidents **before** they happen.

### DRIVE AT A MODERATE PACE

**Reserve** fast driving for racetracks. Take it **easy** for **ample** reaction time.

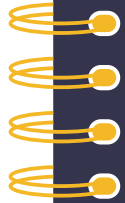

### KNOW YOUR LIMITS

**Recognize** the **limits** of your driving skills without advanced training and **avoid** pushing them.

## TECHNICAL

TEN YEARS in a row and Vusela Risk Services Technical Department has yet again received a **100% audit.**

Well Done TEAM!!!

Vusela recently installed a **SYNTELL ANPR SYSTEM** which provides the company with access to the **largest database of vehicle license plates**.

## EMPLOYEE APPRECIATION

**Vusela** was commended for having **excellent security guards** at the **VFS Global** offices in **Cape Town**.

A **Client** visited the branch to apply for his **Visa** prior to his trip to **Italy**. **EVIWE DESHE** was one of the **Security Officers** who assisted this **Client**.

She was praised for being **friendly, courteous** and **willing to assist the Client**. This resulted in his experience at the office being a **positive** and **enjoyable** one.

Thus, Eviwe received a letter of **commendation** from **Vusela's Regional Manager, Andre Visser**, for her **good service**. She was also awarded a **cash bonus** which she **rightfully deserved**.

**Keep up the good work!**

Vusela Risk Services now proudly forms part of **THE EYES AND EARS INITIATIVE (E2)**. It is the official **joint crime fighting initiative** between the **South African Police Service (SAPS)**, **Business Against Crime South Africa (BACSA)** and the **Private Security Industry (PSIRA)**.

## VUSELA CARES

**Vusela** feels **honored** to **contribute** in a modest capacity towards the **EMTHONJENI COMMUNITY CENTRE**.

Following a thorough **risk assessment**, **Vusela** determined that the centre would benefit from **enhanced security** through the **installation of fencing** around its premises. As a gesture of support, we generously **donated R40,000.00** worth of **barbed wire** to facilitate this **improvement**.

**Vusela** expresses sincere **gratitude** to be given the chance to **contribute** to the **creation** of a more **promising future** of this **community**.

# 5 POPULAR CCTV AI TECHNOLOGIES

In recent years, the use of **Closed-Circuit Television (CCTV)** has become more widespread than ever before. With the advancements in technology, **CCTV cameras** have evolved from simple cameras that capture footage to highly **intelligent** devices that use **Artificial Intelligence (AI)** algorithms to analyse and interpret the data they capture.

Here are some of the most popular CCTV AI technologies that are being used today:

1

## **FACIAL RECOGNITION**

**Facial Recognition Technology** is being widely used in **CCTV cameras** for **security** and **surveillance** purposes. The technology allows cameras to **identify** and **track** individuals based on their **facial** features. It is commonly used at **airports**, **banks** and other **high-security** areas.

2

## **OBJECT DETECTION**

**Object Detection Technology** uses machine learning algorithms to **identify** objects in the camera's **field of view**. It is commonly used in **retail stores** to **monitor inventory**, **track customer behaviour** and **prevent theft**.

3

## **LICENSE PLATE RECOGNITION**

**License Plate Recognition (LPR) Technology** uses AI algorithms to recognize **license plates** on vehicles. It is commonly used by law enforcement agencies to **track stolen vehicles**, **monitor traffic violations** and **investigate crimes**.

4

## **BEHAVIOUR ANALYSIS**

**Behaviour Analysis Technology** uses AI algorithms to detect **unusual behaviour** patterns. It is commonly used in public places like **airports** and **train stations** to **identify suspicious behaviour** and **prevent crime**.

5

## **PREDICTIVE ANALYTICS**

**Predictive Analytics Technology** uses machine learning algorithms to analyse **data** captured by **CCTV cameras** to make predictions about future events. It is commonly used in **transportation systems** to predict **traffic flow** and **optimize routes**.
